NEW WHITMAN

The job site has no sympathy for hardship; it thrives on it. A day's work can be taxing, dangerous, and exciting. That's why we celebrate a job well done with the whitman, a rugged work boot featuring a composite safety toe, a waterproof membrane, the new ventilated anti-fatigue technology insole, and an all-weather TPU outsole. These boots are designed to tackle the toughest challenges and keep you comfortable and protected throughout your demanding workday.
